Jim

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the specific procedures and protocols that must be followed when conducting financial transactions. It details the roles and responsibilities of various departments and individuals involved in the process.

3. The third part of the document provides a detailed overview of the internal control systems that are in place to prevent and detect errors or fraud. It describes the various checks and balances that are implemented throughout the organization.

Notes -

2 students at Fermi Lab

Bill -

need to get word out re 2 students at Fermi Lab

Michael - success stories - use as criteria to recruit

we have good, motivated people - need to get word out the testimonials - biggest successes

Matt -

new intern doing social media - need to get success stories out

to get interest - testimonials - biggest successes of program

spark interest from where the other students

Michael - offered pens, etc

market for rich students

Job m

critical maintenance - create need then advertised  
students

math - work

st

... to enter graduate are equipped down and for

math - work

... (and agreement)
