Recruiting Efforts

- Due to COVID 9 the College has been doing one on one virtual information sessions cruitment
- Denise Kallas stated with so many restaurants and bars having trouble staying open is there a way to connect with the Illinois Department of Employment Security to advertise your programmange careers? There are many similarities both these service professions.

Stakeholder Hiring Needs

- Business leaders were asked if they feel theredismainuedneed for our program and bout their
 upcoming hiring needs all committee members tated yes they have employee needs and will
 continue to reach out to Leslie Ciaccio tower tisepositions to current and previous students.
 - o Denise Kallas states she will be hiring two part time right.r@assandaStrattonwill be hiring three for MarioTricoci by the end of this year, withore hires into yea2021.Chelsey Jimenez states they will be hiring three in their five locationThe business needs program Gary Burge states the need is for people that atmnights and weekend shiftand when recruiting telling students it's a flexible industrand to be open minded about location bulle Kimpan Freeman shared that she was contacted by a hospice who is looking for three part time employees working towards full time massage therapists. She is speaking with two graduates about filling those positions currently
- To develop employment opportunities for Kishwaukee College students, Leslie Ciaccio discussed possibility of members to do a virtual employer patrediscuss hiring. Committee prefethe individualformat, whichallows more communication between the employer and the student

Discussion

- Employers on the committee discussed how their businesses have changed since the start of the pandemic.
 - Somehave changed their cleaning procedures

- Leslie Ciaccio stated these are being implemented into the second clinical class. Stradents
 to be comfortable with their knowledge coming out of the program. To reinforce that in clinical,
 a part of the grade is to get a client to rethout them
- o Students willwork to educate their clientsnot just on upselling services.
- Discussionabout addingnot stone massage and whether this is better taught on the job. Cassandra Stratton and Denise Kallas stated studesthsuld learn the skill in school. Chelsey Jimenez that the students need a basic knowledge and then custentiance they get to each individual spa
- Business owners need to be concerned with the safety of their clients. Make sure the clients see the cleaning measures being taken by each business, making it a priority
- Discussion regarding facials during COND Some state they are down 20% in facial sut do have more concerns with acne from wearing massleve increased
